

# MELVILLE EMPLOYMENT CENTER TRANSPORTATION/CIRCULATION PUBLIC WORKSHOP

The Melville Employment Center (MEC) Plan is a Town sponsored and community supported plan to improve an area that has one of the most important corporate concentrations on Long Island.

Although the MEC has a vibrant mix of uses, it is characterized by issues such as traffic congestion, a lack of pedestrian amenities, and limited retail activity, all of which affect the quality-of-life for those who live and work in the area. The MEC Plan will examine the complex issues facing the area and will define an action agenda for future development and redevelopment.

All interested residents, employees, property owners and other stakeholders are encouraged to attend and share their thoughts on the vision, goals and objectives for the MEC. This workshop will focus on the topics of transportation and circulation.
