

The Town of  
Huntington presents:

## Low Cost Dog Spay/Neuter Month

**June, 2013**

During the month of June, the Town of Huntington is presenting a special low-cost spay/neuter event for dogs within the Township. Sponsored by Councilman Mark Cuthbertson, Huntington Township residents can sign up for low cost (\$50) spay/neuter vouchers for their dogs. Services will be provided at the North Shore Veterinary Hospital in Northport.

To participate:

- You must reside in the Town of Huntington and be able to show proof of residency.
- Go to the Town of Huntington Animal Shelter (106 Deposit Road, East Northport) or call them at 631-754-8722 to register for the voucher.
- Once you have a voucher, you must make an appointment directly with North Shore Veterinary Hospital in Northport.
- Appointment must be for a date in June 2013.
- This special event is limited to dogs only.

The League for Animal Protection of Huntington, Inc. encourages the residents of the Town of Huntington who have not already spayed/neutered their dogs to participate. Overpopulation due to unwanted litters means more dogs in our Town Shelter. Dogs who have been spayed/neutered are less likely to try to escape from their yards and roam. Spay/neuter is shown to reduce health risks in dogs including mammary tumors—taking advantage of this special offer may well help your dog live a longer, healthier life and save on vet bills.

Do your part. Call the Town of Huntington Animal Shelter or drop by to get your voucher then make your appointment today!
