April 2025

ACTIVITY/NUTRITION CENTER ■ BEACH HOUSE ■ CLUBS

Dear friends,

Spring is finally here. After a long winter, I hope you all have been enjoying warmer weather and longer daylight hours.

March is a special time in Huntington, and the many celebrations that happened throughout the town last month are proof of that. From Women's History Month to our Flanagan Center's anniversary, there was something for everyone to enjoy.

I had the honor of sponsoring this year's Women's History Month event, which focused on women's achievements in the fields of artificial intelligence, robotics, and STEM. Women from each of these fields delivered informative presentations about computer science, library media, STEM education, and AI usage, and followed up those presentations with one-on-one questions and answers. Each of these women seeks to enhance the lives of the people they serve through technology, and I am grateful to them for their willingness to speak with Huntington residents about the important work they do.

The Town of Huntington runs because of the amazing women who work here. Women play key roles at each and every level of this administration, and their hard work ensures that Huntington's residents' needs are met. At the Flanagan Center, the female directors and staff provide compassionate care to our seniors every day. Whether organizing activities and focus groups or coordinating the daily lunch menu, their dedication makes Huntington a model town for the young at heart. The Town Board and I extend our gratitude to them for everything they do for our seniors.

St. Patrick's Day is a favorite here in Huntington, with celebrations ranging from the annual Ancient Order of Hibernians parade to special meals at the Flanagan Center. This year, to celebrate, the Flanagan Center hosted a St. Patrick's Day luncheon, complete with festive green clothing, decorations, and a St. Patrick's Day meal of corned beef, cabbage, and Irish soda bread. After the luncheon, I had the honor of serving on the panel of judges for Adult Day Care's 9th annual Irish soda bread contest. Each and every participant put forward their best effort in creating their own rendition of this St. Patrick's Day classic. Congratulations to the winners!

Last month, the Flanagan Center turned 51 years old. We in Huntington are very fortunate to have a place that encourages togetherness and community for our seniors. The Flanagan Center is a place for seniors to enjoy activities and each other's company, but it is also the home of our truly wonderful Youth Bureau, which serves the youth of Huntington through counseling, education, and so much more. I am certain the Flanagan Center will remain a pillar of the community for many years to come.

In April, there will be a series of events and presentations about health maintenance, from fall prevention to a visit from the St. Francis Health Van. Additionally, we invite you to join us for the Spring Hat Parade and other events to celebrate the end of winter. Please see the calendar for details.

Happy Spring to all. I look forward to welcoming you to the Flanagan Center this month.

April 2025

Dear Congregate Meal Recipient:

The Town of Huntington is pleased to offer a nutritious meal for Huntington and Suffolk County residents over the age of sixty.

The Nutrition Center is sponsored by the Town of Huntington with funding provided by the U.S. Administration for Community Living through New York State Office for the Aging and Suffolk County Office for the Aging.

State regulations require that all participants be given an opportunity to contribute to the cost of the service. We realize that each person has a unique financial situation. If you can afford to, and would like to contribute, the suggested voluntary and anonymous contribution is \$3.00 per meal. All individuals are encouraged to make voluntary and anonymous contributions towards the cost of the meal. Persons with a self-declared income at or above 185% of the Federal Poverty Level are encouraged to make a contribution equal to the actual cost of the meal which is \$13.86. For 2025, income at 185% of the Federal Poverty Level is \$28,952.50 for a household of one, and \$39,127.50 for a household of two.

Contributions to this service are voluntary and anonymous. Any amount you wish to contribute will be used to expand the program and will be greatly appreciated. Please be assured that no one is required to make a contribution and the service will not be denied to any person who is unable or unwilling to contribute.

I invite your comments as to the quality of service provided or suggestions as to how the service may be improved.

Thank you for supporting the Town of Huntington's Senior Center Nutrition Program. Contributions may be given at the Senior Center by cash or check. Contributions may be mailed to the Senior Citizens Division address below. Please make checks payable to: Town of Huntington and write nutrition in the memo.

Very truly yours,

Geri VanDyke

HUNTINGTON PUBLIC TRANSPORTATION

Local public transportation is available Monday through Saturday. The Town of Huntington's HART system (631) 427-8287 and Suffolk County Transit (631) 852-5200 operate a network of regularly scheduled bus routes that serve many of the places seniors might want to travel, including the Senior Center. Buses are handicap accessible. Senior citizens, individuals with disabilities, and Medicare cardholders are eligible to pay reduced fares.

Minibus service is also provided, at somewhat higher fares to persons who are prevented from using the regular buses because of a disability. This paratransit service is operated on a shared-ride, advance-request, curb-to-curb basis by HART (for rides entirely within the Town of Huntington at a cost of \$4.00 one way and Suffolk County's SCAT program (for rides within Suffolk but not entirely within the Town). Both agencies require prior enrollment by application. Personal travel assistance is limited. HART also extends paratransit service, with reduced priority, to non-disabled senior citizen residents who do not drive and do not have access to regular buses. Paratransit is not offered as a more convenient alternative to regularly scheduled buses. For information, call HART at (631) 427-8287 (TTY: 800-662-1220) and SCAT at (631) 738-1150 (TTY: (631) 981-0104) cost of \$4.00 each way. Bus schedules are available at the Senior Center.

Hands on Huntington NNORC

Hands on Huntington, a Neighborhood Naturally Occurring Retirement Community Program, is a program provided at no cost to seniors age 60 years and older.

If you reside in their catchment area, including parts of Greenlawn, East Northport or Huntington, this program can assist you with at home access to a social worker for case management, a nurse for health assessments and educational programs. Services are geared to keeping seniors in their homes and community, living as independently as possible.

In February, Hands on Huntington welcomed a new Program Director, Beth Del Giudice. Beth is a licensed master social worker (LMSW) with 30 years of experience working with children, adolescents and their families and is excited to now be working with seniors in the local community.

(l-r) Beth, Joyce, Bunny

For information, please call: (631) 351-6610

Eat Right

Food, Nutrition and Health Tips from the Academy of Nutrition and Dietetics

Eating Right for Older Adults

Healthy eating is recommended throughout life, but as we age certain factors can affect our nutrient needs. Choosing a variety of foods from all the food groups (vegetables, fruits, grains, dairy and protein foods) will help you build a healthy eating routine.

The following tips can help you get started on your way to eating right.

Make half your plate fruits and vegetables.

Eat a variety of different colored vegetables, including ones that are dark-green, red, and orange. Beans, peas, and lentils are also good choices. Fresh, frozen, and canned vegetables can all be healthful options. Look for “reduced sodium” or “no-salt-added” on the labels. Add fruit to meals, snacks or as dessert. Choose fruits that are dried, frozen, or canned in water or 100% juice, as well as fresh fruits.

Make at least half your grains whole.

Choose breads, cereals, crackers, and noodles made with 100% whole grains. Whole grain corn tortillas, brown rice, bulgur, millet, amaranth and oats all count as whole grains, too. Also, look for fiber-rich cereals to help stay regular and cereals that are fortified with vitamin B12, which is a nutrient that decreases in absorption as we age or due to some medications.

Switch to fat-free or low-fat milk, yogurt and cheese.

Older adults need more calcium and vitamin D to help keep bones healthy. Include three servings of fat-free or low-fat milk, yogurt or cheese each day. If you are lactose intolerant, try lactose-free milk or a calcium-fortified soy beverage.

Vary your protein choices.

Eat a variety of foods from the protein food group each week. In addition to lean meat, poultry and eggs, choose seafood, nuts, beans, peas, and lentils when planning your meals. Spread your protein intake throughout the day by including a source with meals and snacks. Protein foods derived from animal sources also provide vitamin B12, and certain plant-based foods may be fortified. If you’re at risk for low levels of vitamin B12, your doctor may also recommend a supplement.

Limit sodium, saturated fat and added sugars.

Look out for salt, or sodium, in foods you eat. Compare sodium in the foods you buy and choose those with lower amounts. Add spices or herbs to season food without adding salt. Switch from solid fats to oils when preparing foods. Make major sources of saturated fats occasional choices, not everyday foods. Examples of these include desserts, fried foods, pizza, and processed meats like sausages and hot dogs. Select fruit for dessert more often in place of treats with added sugars.

Stay well-hydrated

Drink plenty of water throughout the day to help prevent dehydration and promote good digestion. Other beverages that can help meet fluid needs include unsweetened beverages, like low-fat and fat-free milk, fortified soy beverages, and 100-percent fruit juices. Choose these more often in place of sugary drinks.

Enjoy your food but be mindful of portion sizes.

Most older adults need fewer calories than in younger years. Avoid oversized portions. Try using smaller plates, bowls and glasses.

Cook more often at home, where you are in control of what's in your food.

When ordering out, look for dishes that include vegetables, fruits and whole grains, along with a lean protein food. When portions are large, share a meal or save half for later.

Consult a registered dietitian nutritionist if you have special dietary needs. A registered dietitian nutritionist can create a customized eating plan for you.

The US Is in an Egg Shortage—Dietitians Share 4 Protein-Packed Foods to Add to Your Breakfast Instead

By: Sarah Garone - Published January 22, 2025

FAST FACTS

- Bird flu has impacted millions of hens in the U.S., leading to a national egg shortage.
- Eggs are a healthy, go-to breakfast packed with tons of nutrients and 6 grams of protein per egg.
- Until eggs return to shelves (at a reasonable price), experts recommended high-protein breakfast alternatives such as greek yogurt and chia seeds.

Eggs are an integral part of many Americans' morning breakfasts—but an egg shortage threatens to temporarily take this go-to protein off many plates.

"The national egg supply has been tight due to Highly Pathogenic Avian Influenza—also known as HPAI, or bird flu—which is devastating to egg farmers," said Marc Dresner, director of communications at the American Egg Board. "In the U.S. we've lost about 40 million laying hens to bird flu."

The U.S. Department of Agriculture, which is tracking outbreaks, noted that there were over 18 million birds affected by bird flu in December, in addition to more than eight million so far in January.

On top of these egg supply concerns, demand is growing, too.

"The volume of eggs sold at retail has been up year-over-year for 21 consecutive months, and we're just coming out of the highest demand season of the year—the winter holidays—when eggs sales increase significantly due to holiday baking and entertaining," Dresner told *Health*.

This one-two punch has been driving up egg prices and leaving shelves empty—a reality you've likely noticed at your local grocery store. Though cost can vary significantly based on location and the type of egg you're purchasing, increases are happening across the board.

"The national average retail price for a dozen regular, conventional eggs as of Dec. 28 was \$3.85, up 31% from October," Dresner shared.

According to the U.S. Bureau of Labor Statistics, the price of eggs in Dec. 2024 was up nearly 37% compared to Dec. 2023.

Though farmers are working diligently to protect their birds, Dresner said, there's no telling when prices may go back down.

Missing Out on Your Morning Protein

It's an unfortunate state of affairs for those who enjoy a morning scramble—dietitians say starting the day with protein is a good idea, and eggs are a healthy choice.

"Protein is essential for muscle repair and building, but your body can only absorb and use about 20 to 30 grams of protein at a time," Anne Danahy, RDN, a registered dietitian and owner of Craving Something Healthy, told *Health*. "It's important to spread it throughout the day, starting with breakfast, rather than trying to get it all in later in the day."

Since eggs supply 6 grams of protein each, a three-egg breakfast (with add-ins like cheese or meat) can easily reach this 20 to 30-gram target.

Besides their high protein content, eggs have several other benefits. They're versatile, low in calories, and highly nutritious, Danahy pointed out. "They have vitamin B12 for healthy red blood cells, vitamin D for bone and immune health, choline for brain health, and two important antioxidants—lutein and zeaxanthin—for eye health," she said.

If you're not able to buy eggs right now—or want to stretch your budget by cutting back on your consumption—there are plenty of alternatives for morning protein. Dietitians recommend the following choices (some of which actually contain more protein than an egg).

Greek Yogurt

One inexpensive breakfast protein that may already be in your fridge is Greek yogurt.

"A 5-ounce container has about 16 grams of protein, plus calcium," Danahy said. Its ample probiotics have also been linked to improvements in gut and immune health.

In the mornings, try adding Greek yogurt to a fruit and nut parfait, or topping it with granola treat.

Protein Powder

When you need a pop of protein on a busy morning, Vanessa King, RDN, spokesperson for the Academy of Nutrition and Dietetics and clinical nutrition manager at Queen's Health System, suggested adding a scoop of protein powder to a smoothie.

"It typically provides around 20 to 30 grams of protein," she told *Health*. "If you add it to dairy milk, it will fetch even more protein."

Tofu

According to Danahy, tofu is another smart swap for eggs. A half cup contains about 9 grams of protein—noticeably more than a single egg.

Tofu also helps start your day with satiating fiber, something eggs won't do. Since most Americans don't get enough fiber, subbing tofu might be a good idea, even outside of an egg shortage.

Even better: this vegan food easily mimics the texture of eggs in breakfast scrambles, burritos, and more. "Crumble firm tofu in a pan and sauté it with onions, mushrooms, spinach, and some dried turmeric for a vegan scrambled egg substitute," Danahy suggested.

Chia Seeds

Nuts and seeds don't always get their due as a source of protein. But chia seeds contain nearly 5 grams of protein per ounce and are tasty fodder for a breakfast pudding. They also come with a serious dose of fiber (nearly 10 grams per ounce).

"Chocolate chia pudding made with regular milk has about 18 grams of protein, plus fiber, omega-3 fats, calcium, and vitamin D," Danahy said.

She recommended mixing 3 heaping tablespoons of chia seeds and 2 tablespoons of cocoa powder into 1 cup of milk, then sweetening with maple syrup or sugar. You can refrigerate the pudding for at least 30 minutes (overnight is a good option, too), and then enjoy it as a protein-packed morning treat.

Home Cleaning Essentials

White Vinegar or Lemon Juice

Cuts grease and smells fresh.*

* Spraying undiluted vinegar is not recommended if you have asthma.

Plain Liquid Soap

Use soap without fragrances or antibacterials. Castile soap is a good option.

Baking Soda

Cleans and deodorizes, also a good scouring powder.

Hydrogen Peroxide (3% Solution)

Works like a disinfectant.

Microfiber Cloth

Acts like a dirt magnet. Microfiber & water remove 99% of germs.

Scrub Brush or Scrubbing Pad

Removes dirt and grime.

Cleaning Need

All-Purpose Cleaning Solution

Window, Glass, and Mirror

Countertops, Floor & Appliances

Safer Alternatives**

- Mix liquid soap and water (soapy water).
- Mix liquid soap with 1 tbsp. of baking soda, then add juice of one lemon and water.

- Indoors, use plain water and a microfiber cloth.
- Outdoors, add a small amount of plain liquid soap to water if desired.

- Use the all-purpose cleaner above.
- Use plain water and a microfiber cloth.

** When cleaning, either with home recipes or store-bought products, always ventilate the space by opening doors and windows and wear rubber gloves.

Air Freshener

- Keep home and closets clean and well-ventilated.
- Simmer water with cinnamon sticks, orange peel, or cloves.
- Sprinkle baking soda in bottom of trash can.
- Insert cloves into whole orange.
- Place a bowl of baking soda in refrigerator and replace periodically.

Drain Cleaner

- Pour 1/4 cup baking soda into drain, followed by 1/2 cup vinegar. After 15 minutes, pour 2 quarts boiling water down the drain.

Oven Cleaner

- Use baking soda or a scouring powder that does not contain bleach.
- Make a paste with 1/4 cup baking soda, 2 tbsp. salt, and hot water. Let paste sit for 5 minutes and then use a good scrub brush.

Sink, Tub, and Tile

- Dilute 2-3 tbsp. of liquid soap in water and clean with a good scrub brush.
- Use scouring powder that does not contain bleach.
- Mix hydrogen peroxide (3% solution) with plain liquid soap and baking soda.

Toilet Bowl

- Pour 1/4 cup baking soda into a bowl and sprinkle with vinegar. Let sit for 1/2 hour, then brush.
- Wipe toilet seat and rim with hydrogen peroxide (3% solution) – acts like a disinfectant.

Mold & Mildew Remover

- Let vinegar sit on mold, then clean with soapy water.
- Mix liquid soap, baking soda, and 2 capfuls of hydrogen peroxide (3% solution). Let sit on surface, then clean with soapy water.

Wood Furniture Polish

- Use a microfiber cloth to dust and polish.
- Use a small amount of olive oil on unfinished wood.
