

IMPORTANT INFORMATION ABOUT THE *PROPOSED* METERED PARKING IN HUNTINGTON VILLAGE

There has been a lot of discussion about a ***Proposed*** plan by the Town of Huntington to add metered parking in Huntington Village. We would like to take this opportunity to clear up misinformation and provide factual clarification as follows:

The discussion is to maintain free parking in Huntington Village at the following locations:

PROPOSED FREE PARKING AREAS

- Nathan Hale Lot between Nathan Hale Drive & West Neck Road
- Upper Elm Street Lot
- The former Chase Bank lot at the corner of Gerard Street and New York Avenue
- The adjacent municipal lot to the North of the former Chase Bank
- Municipal Lot # 50 next to the Elks Club

In addition to these lots, all existing street parking that is currently non-metered will remain free.

The Town is considering to add metered spaces in these locations:

PROPOSED METERED PARKING AREAS

- At New/Green Street Lot
- The lower Elm Street Lot
- The Gerard Street Lot (Across from the Post Office)
- The Clinton Street Lot
- The East Carver Street Lot
- The Cold Spring Harbor Village Lot
- The Woodbine Marina Lot in Northport Village

This proposed metered parking plan is subject to a Public Hearing which will be scheduled before the end of the year.
